Heavy Storm in Montgomery.

Great damage to farm property was done in Montgomery county Tuesday morning by a terrific wind, hail and rainstorm. The residence of Robert C. Gatewood was injured by lightning. Shade trees and fencing were blown down, and watergaps washed out. The telephone lines were badly damaged in the county. The hail ruined a number of tobacco beds and killed calves, pigs and lambs.

Eld. J. M. Rash, of Winchester, visited his son, J. Crews Rash yesterday, and was present at the prayer meeting at the Christian church last night and conducted the exercises. Bro. Rash will go to Bowen this afternoon where he will attend prayer meeting tonight and where he will probably preach each night till Sunday and Sunday morning.

True to the Minute

is the way your watch should keep time. If it doesn't it "needs fixing." You should take it to W. T. Webb at once and have him repair it for you. A guarantee of one year goes with all work.

Playing in Hard Luck.

One of Winchester's young men who is trying to go a champagne gait on a beer salary, invested in one of those cheap buggies sold by a Chicago catalogue house, and a Sunday or two ago he invited his best girl to take a drive with him. She accepted the invitation and the drive progressed in a satisfactory manner, until the young man attempted to drive with one hand, or possibly with no hands at all, and the spirited horse started up the road at a two-minute gait and finally landed the outfit in a fence corner. Result: a vehicle fit only for kindling; a young man who carries his arm in a sling, and a girl with a beautifully skinned nose that will cause her retirement from society for a week or two, and who vows that she will never, never speak to that boy again. Moral: buy a good vehicle from a home dealer and do your hugging in the parlor.—Winchester Democrat.

P. Y. Drake, a leading merchant and timber dealer of Powell county for several years, and a fine citizen, has moved from Slade to Winchester.

Money for New College.

In affirming the decision of the Jefferson Circuit Court in the case contesting the will of the late Mrs. Fanny Speed, the Court of Appeals holds the instrument to be valid, which means that the Methodist Episcopal Church in Kentucky will receive a bequest of \$250,000 for the establishment of a college.

When preachers abuse and curse each other and are only prevented from killing by bad marksmanship, it is time for us lay members to take to the woods. The encounter between Revs. Cranfill and Hayden on a Texas train, as they were going to the general assembly of the church, was one of the most disgraceful episodes that has been recorded in many a day.—Lexington Democrat.

The Clark County Democratic Committee has called a primary election to be held Saturday, December 3, to select candidates for the various county offices.

Born, to the wife of Nelson Walters on the 26th, a fine son.

Irvine Items.

[Irvine Herald.]

The May term of the Fiscal court convened Tuesday. By a vote of 4 to 2 by the Justices a motion was carried to insure the court house.

Our city dads are puzzled as to where to locate the street lights; every fellow wants a light in front of his house. That's Irvine.

Simps Campbell has purchased a drilling machine and has a contract to drill sixteen wells for the Estill County Oil and Gas Company.

Messrs. Robt. Tipton and Arch Gum secured a nice bunch of cattle in this county last week and drove them to Mt. Sterling Saturday.

Mr. Brock Campbell and Miss Bettie Estes, both of this county, were married in Richmond Monday. The event was quite a surprise to their friends, but all join in wishing them a long and happy life.

A. M. Lyttle has just returned from a business trip to Jackson county. He says that the farmers are more forward with their work than in Estill and that the fruit prospects are more encouraging.

Messrs. Matt Hacker and L. A. West will leave for New York City tomorrow in the interest of the Hacker-Gardner patent. This is an invention that is of immense benefit to telegraph companies and all railroad lines, enabling them to save thousands of dollars in the operation of their business.

Our esteemed friend, F. A. Lyon, of Beattyville, has been visiting us for several days. While here he invested 12 cts. in a chance to draw a valuable town lot. Pop went the gun and zip it struck his name. He sold the lot for a handsome cash consideration.

It will be pleasing to the many friends of Miss Bertha Maple to learn that she has been appointed postmistress at Clay City. Miss Maple, whose father is a democrat, was opposed by a young man of that town who is a republican of considerable influence.

Spend Your Dollars at Home.

The following taken from the Anderson News will apply to Clay City as well as to Lawrenceburg:

"Ten years ago a farmer in Anderson county put an 'X' on a silver dollar, came to town and spent it with one of our merchants. Before the year was out he got the dollar back for poultry and spent it again with another merchant. Four times in six years the dollar came back home to him for produce and three times he heard of it in the pockets of his neighbors. The last time he got it in exchange was three years ago and he sent it to a mail order house in Chicago that had amassed millions of dollars selling third-rate goods at first-rate prices. He has never seen that dollar since. That dollar will never pay any more road or school tax for him, never help to build up his home town or county, never help his church or brighten the home of a needy neighbor. He sent it entirely out of the circle of usefulness to him. Patronize your home merchants and your dollars will come back to you. It's your home merchants who are helping you improve your home town and county. It is your home merchants who pay the taxes which go to school your children. The road you drive over going to the postoffice to send your dollar to Chicago, Louisville and Cincinnati houses are paid for by the taxes collected from your home merchants. Had you ever thought of that? It is time for you to think, and let us suggest that you read the ads of the merchants in this paper, without whose support you would not even have a county paper, and when you are in want of anything go to them and buy it. Do that and your dollar will come back to you."

The transport Kilpatrick has landed in New York with nearly 100 bodies of United States regulars from the Philippines. Three of the number come to Kentucky.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little bit of oil. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Some Swindling Schemes.

The Glasgow Times says that a
man recently traveled through Bar-
ren county selling soap. He gave
a case of 100 cakes for \$8 in cash,
and a promise that in a few days
he would call and bring you a nice
carpet of forty yards, a nice set of
china ware or a nice sideboard, and
the women bit as well as some of the
men, and he took in lots of \$8, and
now it is assumed he is hunting
more suckers, for suckers will bite.
Last summer a man was round sell-
ing cases of medicine of various
kinds, so you could be your own
physician and save doctor's bills;
\$12 was the price and many were
taken in by the stranger, and the
service of the doctor is still needed.

ANNOUNCEMENTS.

FOR SUPERINTENDENT OF SCHOOLS.

R. A. IRVIN, Sr. is a candidate for
the office of Superintendent of Schools
of Powell county, subject to the action
of the Democratic party.

Not for Roosevelt.

Hon. Grant E. Lilly, of Rich-
mond, formerly County Attor-
ney of Estill, and well known to
the majority of our readers gives
out the following statement in
the Louisville Times:

"He stated that he was born a
Republican, and largely inherited
his politics from his father, who
was a Colonel in the Union army
during the Civil War, and was sev-
eral times elected Circuit Judge of
his district. He also stated that he
believed in the principles of the
Republican party, but at this juncture
in our history he believed that
the race problem was the para-
mount issue in the South, and that
President Roosevelt, by his person-
al and official conduct, had shown
himself to be unworthy support of
Southern people; that over thirty
years of experience had shown that
the colored man was incapable of
government, and that the Presi-
dent's course was unwise and unjust
to both the white and colored races
in the South. He said that Presi-
dent Roosevelt had selected 'as his
chief confidential adviser over the
South a negro, Booker Washington,
and that all other advisers in the
South were subordinate to this ne-
gro; that this conduct on the part of
the President was an affront to all
Southern people, and showed that
he was unfit to hold the highest
office in the Republic. He said he
was opposed to the election of Mr.
Roosevelt as President; that he was
a man dangerous to the country,
especially to the South, that his
course of conduct had intensified
and make prominent a very danger-
ous problem that was slowly work-
ing out in a satisfactory manner
under President McKinley and
previous President, but which
would prove to be a very disturbing
and menacing question under Mr.
Roosevelt, if re-elected."

Result of Small Savings.

The following shows how easy it
is to accumulate a fortune, provid-
ed proper steps are taken. The ta-
ble shows what would be the result
at the end of fifty years by saving
a certain amount each day and put-
ting it at interest at the rate of six
per cent:

Daily Savings.	The Result.
One cent	\$ 950
Ten cents	9 504
Twenty cents	19 006
Thirty cents	28 513
Forty cents	38 015
Fifty cents	47 520
Sixty cents	57 024
Seventy cents	66 528
Eighty cents	76 232
Ninety cents	85 537

One Dollar 95 041
Five Dollars 475 208

Nearly every person wastes enough
in twenty or thirty years, which,
if saved and carefully invested,
would make a family quite inde-
pendent; but the principle of small
savings has been lost sight of in the
general desire to become wealthy.

Deafness Cannot be Cured

by local application, as they can-
not reach the diseased portion of
the ear. There is only one way to
cure deafness, and that is by con-
stitutional remedies. Deafness is
caused by an inflamed condition of
the mucous lining of the Eustach-
ian Tube. When this tube is in-
flamed you have a rumbling sound
or imperfect hearing, and when it
is entirely closed, Deafness is the
result, and unless the inflammation
can be taken out and this tube re-
stored to its normal condition,
hearing will be destroyed forever;
nine cases out of ten are caused by
Catarrh, which is nothing but an
inflamed condition of the mucous
surfaces. We will give One Hun-
dred Dollars for any case of Deaf-
ness (caused by catarrh) that
cannot be cured by Hall's Catarrh
Cure. Send for circulars, free.

Suffering

Will Not Help Your
Disease, but Will
Weaken Your
Nerves.

Folks who think it is better to bear
pain than soothe it—are wrong.
Old-fashioned doctors used to say it
was better, because they had nothing
with which to ease pain but dangerous,
heart-paralyzing drugs.

But now, that a safe remedy has
been found, Dr. Miles' Anti-Pain Pills,
it is wrong to suffer, for nothing can be
gained but weakened nerves.

A safe rule to remember is: When
in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves.

Dr. Miles' Anti-Pain Pills relieve pain
by restoring the natural secretions, in
which they differ from opium and simi-
lar narcotic drugs, which relieve pain
by checking the action of the glands.

They are sure and harmless, and are
the latest medical treatment for the
cure of Headache, Neuralgia, Backache,
Rheumatism, Dizziness, Toothache,
Stomachache, Menstrual (Monthly)
Pains. Also nerve irritations like Sea-
Sickness, Car-Sickness, Sleeplessness,
Indigestion, etc.

Pleasant to take, quick in results.

"I have used Dr. Miles' Anti-Pain
Pills for sick, nervous headache, and
have received the best results. I hearti-
ly recommend their curative prop-
erties, for they are successful."—REV.

Reports come from the wheat sections that it is in an improved condition with flattering prospects for a good yield at threshing time. For a time early in the spring it was thought it would be almost a complete failure in Kentucky.

Mrs. Jennie Russell, who has been a sufferer from rheumatism for several months past, left Thursday for Martinsville, Ind., where she hopes to regain her health. Mrs. Russell's numerous friends in this city wish for her a speedy and complete recovery.

More Honors for a Clay City M. D.
At the meeting of the State Medical Association held in Lexington last week, Dr. B. Littlepage, of this city, was elected a Vice-President of that body. Dr. Littlepage also holds a responsible position with the county organization and has been Secretary of the Kentucky Valley Medical Association every since its organization several years ago.

Home-Grown Strawberries.
Mr. W. M. Byrnes, the famous Powell county strawberry grower, was in Clay City yesterday marketing his famous product for the first time this spring. There are no finer berries grown than those raised by Mr. Byrnes. Our people should buy of him altogether and thereby have the satisfaction of patronizing a home grower. We say this because there are no others in the county engaged in this business and we believe in patronizing home people always when possible.

New Money.
The Loveland-Garrett Company, now constructing a large saw mill below the bridge across the river, has issued some new money(?) It will be accepted for merchandise by all the merchants in the city. This is much better than giving one firm the monopoly as is the case with the brass chips now being circulated by the Swann Day Lumber Company. The new money(?) is made of aluminum and is of much greater convenience to the merchants than to have to wait on customers till pay day.

Spring is Sure Here.
For the first time this year, real summer-like weather has appeared. We had fine warm rains Monday and Tuesday, greatly refreshing plants of all kinds, and since then it seems as if one can almost see the crops that are up, growing. Such a cool spring as we have had this year, can not be recalled by the oldest inhabitants. Though some colder weather has been experienced in former years, there probably was never as many cold days in the three spring months as we have seen this year.

Made Young Again.
"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner, of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at Swann-Day Lbr. Co's store.

Quick Arrest.
J. A. Gullledge, of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at Swann-Day Lbr. Co's store.

Sentenced to Hang.
John Hathaway, a negro, was sentenced by Judge Benton to hang at Winchester, Tuesday, July 19 in the jail yard for the murder of Etta Thomas in January. Hathaway and the Thomas woman lived together in Breathitt county, but she refused to live with him at Winchester.

A Startling Test.
To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach." I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Swann-Day Lbr. Co's.

Saloons at Winchester.
After a dry spell of five months Winchester now has open saloons in one ward, the only district in Clark county in which local option does not prevail. The new council elected last November by one majority voted to not issue any more license in this district. Saturday night in the absence of one of the prohibition members, a called meeting of the council was held, an ordinance was passed granting licenses, the mayor breaking the tie. The whole proceedings occupied less than one hour. The action created quite a sensation, as very few knew what was up until it was all over. Eight saloons have taken out license.

A Sure Thing.
It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Swann-Day Lbr. Co. Merchants. Trial bottles free. Reg. sizes 50c, \$1.00.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marshfield, Ill.
